

COPING WITH CAREGIVING VIRTUAL TRAINING PROGRAM

The Coping with Caregiving Virtual Training Program is a LIVE online training program designed to improve the lives of caregivers and care receivers. This FREE online training program is divided into two classes. Take one or both depending on your current caregiver needs. Each class meets once a week for an hour and a half for 4 weeks.

Coping with Caregiving I is for individuals in all types of caregiving situations. This class is designed to focus on you and your needs as a caregiver. (More information below.)

Coping with Caregiving II is for the caregiver of a person with memory loss or dementia. This class is designed to give you the tools you require to address the needs of the person you are caring for. (More information on page 2.)
